Q323. Did you have any alcohol, recreational or prescription drugs on the night of the accident?

A. Yeah, I think I had a beer or two, not sure.

Q324. One beer or two, which is it?

A. I don't remember.

Q325. Well, maybe if we go over the evening that will help jog your memory, did you perhaps have one at dinner and then more while watching the movie?

Opposing counsel: You have his answer, he does not recall.

Q326. Okay, other than one or two beers, did you have any recreational drugs?

A. I don't know what you mean by that?

Q327. Did you smoke any pot?

A. No, I did not smoke pot.

Q328. I understand that you went to the hospital after the accident. Is that correct?

A. Yes.

Q329. Did you suffer any injuries?

A. Not really. I was checked out and fine and sent home.

Q330. Counsel, can we get an undertaking for his hospital records immediately after the accident?

Opposing Counsel: He is not claiming any damages arising from this accident. He testified that he is not injured. I am going to refuse that request for his hospital records immediately after the accident.
